Dhanshri P Patel

has successfully completed the online Specialization

Generative AI for Product Owners

The certificate holder can strategically apply generative AI to enhance product ownership, craft effective prompts to generate actionable insights, and leverage AI-driven tools to redefine decision-making, stakeholder communication, and product innovation. Specifically, they will have a comprehensive understanding of generative AI, its core concepts, capabilities, and transformative applications. They can leverage generative AI capabilities to drive smarter product decisions, streamline backlog prioritization, and elevate stakeholder engagement. By completing the labs and projects, the certificate holder has demonstrated their skills in using generative AI for product ownership.
